# SafeLight ECO

2x25 m LED strip, 4000K, 1500lm/m, 144LED/m, IP65

**Part nr: 155141**                                                                                           ENG

**EAN:** 7090049800191

## Product information

SafeLight – 2 x 25 meters of powerful LED strip that connects directly to 230V and can be interconnected for lengths up to 150 meters. Each 25m reel provides a smooth, powerful light and is well suited for both outdoor and indoor use. Space-saving and flexible. SafeLight also has an extra safety feature integrated in the encapsulation. The LED strip is self-illuminated and will guide the way out even if the power is cut.

## Specifications

| | |
|---|---|
| Voltage | 220-240V |
| Length | 25 meters |
| IP class | IP65 |
| Max interconnected length | 150 meters |
| Power | 300W – 12W/m |
| Color temperature | 4000K |
| Beam angle | 120° |
| Lumen | 1500 lm/m |
| LED type, quantity | SMD2835, 144LED/m |
| Work temperature | -25° to +45°C |
| Lifetime | 30.000 hours (L70) |
| Dimmable | Yes |
| Dimensions | 18mm x 8mm |
| Certificates | CE, Nemko, Semko |
| **Warning** | Please remove the entire LED strip from the drum before use |
