

Product information

Frosted flood light PRO is a high-end worklight developed for the demanding craftsman mainly in workshop, warehouse, construction, building site. High-efficiency LED provides powerful illumination. PC flood light softens light output and protects eyes from strong light.

Impact-resistant and highly shock-proof plastic material with 4 TPR corners enhance protection of the light. Waterproof and dust-proof design. Two socket outlets to supply power for other devices when needed.

Specifications

Voltage	220-240V
IP class	IP54
IK class	IK08
Power	140W
Color temperature	5700K
Beam angle	100°
Lumen	15000lm
LED type	SMD
Cable	5 meter H07RN-F 3G1.5mm ²
Number of sockets	2 sockets
CRI	80
Lifetime	25000 hours
Operating temperature	-20°C ~ 40°C
Weight	2,9 kg
Dimensions	340 x 130 x 264
Certificates	CE, RoHS

Used electrical and electronic products, including all types of batteries, must be delivered for recycling at a separate collection point. (acc. to directive 2012/19/EU and 2006/66/EC).
