

25M Extension Cord Shuko Type

3-split, H07RN-F 3G 2,5mm²

Part nr: 160026

ENG

Product information

25 meters Extension Cord Shuko type – 3-split.
Rubber-insulated extension cord, approved for outdoor use.

Specifications

| | | |
|----------------------|-------------------------|-------------------------|
| Type of cable | H07RN-F 3G2.5 450/750V | |
| Length | 25 meters | |
| Standard | EN50525 | |
| IP rating | IP44 | |
| Connection type | Shuko | |
| Number of connectors | 3 | |
| Conductor | Material | Copper |
| | Construction | 49/0.238±0.005 |
| | Conductor DC resistance | 20°C≤7.98Ω/km |
| Core insulation | Material | EPDM |
| | Average thickness | 0,9 |
| | Min thickness | 0,71 |
| | Over diameter | 3.85±0.10 |
| | Surface | Smooth |
| | Colors | yellow/green/brown/blue |
| Jacket | Material | CPE |
| | Average thickness | 1,8 |
| | Min thickness | 1,43 |
| | Over diameter | 12.1±0.40 |
| | Surface | Smooth |
| | Colors | Black |

Used electrical and electronic products, including all types of batteries, must be delivered for recycling at a separate collection point. (acc. to directive 2012/19/EU and 2006/66/EC).
